

Pro Support Systems, Inc.

Custom Orthotics for Union Members and Their Families:

Pro Support Systems, Inc. is the preferred provider of custom orthotics for the Laborers District Council (LDC).

We specialize in manufacturing handmade, custom shoe inserts designed specifically for workers and their families. Each orthotic is crafted from an individualized impression and engineered to balance and support proper foot function. Our goal is to help relieve pain and discomfort caused by long hours of work and physical activity.

Common conditions orthotics can address include:

- Heel pain
- Lower back pain
- Postural and stance issues
- Gait Abnormalities

Your Health and Welfare Fund has generously provided this benefit, which is fully covered and available once every two years for all eligible members and family.

Pro Support Systems has a network of qualified providers in your area. A full directory is available on our website: prosupportsystems.com.
